

Free Customized Home Prep Guide

Zero Pressure: Have Tom walk through your house to prepare a customized home prep guide designed to upgrade your house to selling-ready condition. There is zero pressure to list your home and the walk through could be done in less than 30 minutes.

Contractors List: A printed or digital version can be back to you quickly sometimes less than 48 hours and a list of respected contractors, painters and other Midland area remodeling professionals will be included. These are real estate approved local businesses who have actually completed projects for our customers on time and with in the agreed budget.

Be Careful: Generic brochures and web sites may or may not apply to tour home. Don't get caught spending considerable time and resources on projects that will offer little helping in preparing your house for sale. Some customers have spent serious hard earned dollars that actually make the house less likely to sell quickly.

Already have a Customer: In addition Tom may already have a customer ready, able, and willing to purchase you home now or in the future. This comes with a plethora of customer contacts built over a 20 year career as a Midland real estate professional.

Timing: Contact time eve if you're not selling this year. The more time you give yourself the better the project results will be.
